

In Peace

23rd March **Elaine Ann Ward (née Munt)**

Born in 1948 in Bishops Stortford, Elaine was the daughter of Win and Ken Munt. She attended Morgan's Walk primary school and later moved on to Hatfield Girls Grammar.

Elaine was a member of All Saints Choir in the early sixties, and was married here in August 1969. She had two sons, Richard and Tony, and later Lewis, her beautiful grandson, of all of whom she was very proud.

She worked for North Herts College, beginning as a part time lecturer, progressing to senior lecturer, which included administering CIPD courses.

Elaine later met Steve, her partner of more than twenty years who helped broaden her outlook on life and who remained strong and supportive throughout their time together.

Sport was always her main passion due to her competitive nature. Her interests ranged from athletics and basketball to hockey, netball and more recently golf. She was always a key member of Letchworth Hockey Club and those who played with her were always pleased to be on the same side, as she was competitive to say the least. She was the secret weapon that her team mates could inflict on oppositions in times of trouble!

This keen thirst for competition simply transferred and became a key feature of her

membership of Letchworth Golf Club, where she rapidly gained a respectable handicap, that some will always argue was still too high! !

After her illness she became more spiritual and religious and took up art at a local church.

Travel became a more poignant part of her life, undertaking at least 4 holidays a year, which culminated in an inexhaustible search to live each day to the full. Elaine was a very fun loving, caring person who was extremely outgoing, animated and personable.

Even as the illness took hold she still remained strong for her two boys and maintained a seriously sharp, blunt sense of humour, right up to her last breath.
