Some opportunities to reflect, pray and act

New Daylight is the Bible Reading Fellowship's most popular series of Bible reading notes, with many thousands of devoted subscribers. Now, for the first time, BRF is breaking new ground with a special edition of

This new publication is designed to appeal to regular readers and newcomers alike. For those already committed to daily Bible reading, these writers – Margaret Silf, Michael Mitton, Naomi Starkey and Liz Hoare – are faithful friends; for those new to the practice, the engaging content and convenient format offers an attractive, accessible, competitively-priced introduction.

Living Lent

Creating a climate of change.

Living Lent is about recognising that changing our climate is not just an activity, but a lifestyle. That's why this Lent, you are invited to become part of a community who will respond to the call to climate action by making significant personal commitments to changing our lifestyles for the climate.

As the Living Lent community, we will share in this together, encouraging and challenging one another as we journey through.
