

Bellringing Report

We are still managing to ring for weddings when requested and most Sundays and, with the help of visitors, alternate Tuesday practices although we struggle if regulars are away. Two new recruits are currently learning to ring which will help.

We were able to ring to mark the death of the Queen and for that ringing we had all the bells fully muffled but with the tenor, the heaviest bell, open at backstroke. This is only done to mark the death of the monarch.
